Introduction

The Valuation Office Survey of 1910 resulted in the creation of a snapshot of land across the county of Worcestershire, in common with other counties in England. The associated Valuation Summary books are to be found at the Hive in Worcester: these books are of a large format, measuring 43cm by 34cm, cloth-bound with leather corners and the name of the Income Tax Parish (ITP) written on the spine. An ITP may cover just a single civil parish in the county, whilst some ITPs covered two or more parishes: for example, the ITP of Church Lench only contains records for the civil parish of Church Lench, whilst that of Abbots Lench covers the civil parishes of Fladbury, Hill & Moor, Throckmorton and Wyre Piddle, as well as Abbots Lench itself. In some cases, two or more ITPs can be found in the same Valuation Summary book: for example, Conderton and Overbury. The basic unit of valuation was a piece of land in separate occupation, although the application of this principle was not always straightforward.[1] The number of valuation assessments in each ITP ranges across the county from 7 (Kenswick) to 7,171 (Kidderminster Borough).

This series of booklets provides a transcription of the Valuation Summary books for each civil parish in the county of Worcestershire, along with a brief analysis of the transcribed data.

1. The Valuation Office Survey of 1910

The valuation of land in 1910 was initiated by the Finance (1909-1910) Act (10 Edw. VII, c.8 section 26(1)) which provided for the levy and collection of a duty on the increment value of all land in the United Kingdom. The main object of the Act was to tax that part of the capital appreciation of real property which was attributable to the site itself, excluding any benefit arising from crops, buildings or improvements paid for by the owners. In this way, private owners were required to pay part of the increase in the site value of their land which had resulted from the expenditure of public money on communal developments such as roads or public services.

Increment value duty was based on the difference between the amount of two valuations. The first was the site value as at 30 April 1909, as determined by the Valuation Survey, which constituted the 'datum line' for these purposes: a second site valuation was to be taken on the occasion of any subsequent sale or grant of a lease, transfer of interest in a piece of land, or the subsequent death of a land owner, in order to determine any potential payment of increment value duty. This second assessment formed part of the on-going role of the Valuation Office, until this duty was repealed by the 1920 Finance Act (10 and 11 Geo. V, c.18). Although this legislation was only in place for around ten years, it has left behind a comprehensive record of land in every county enabling an understanding of the ownership, occupation, extent and value of land. The data collected during the survey for the county of Worcestershire, which has been retained, is contained in four different sets:

- The Valuation Summary books (sometimes referred to as the Lloyd George Domesday books): these are held at the Hive in Worcester (WAAS: BA8585/1 series);
- Forms 37 – Land: these contain the provisional valuations, and are also held at the Hive in Worcester (WAAS: 8585/2-64 series);
- Two series of annotated Ordnance Survey maps: the Field Maps (used in the field during survey), some of which are now held at the Hive in Worcester; the Record Maps (originally

[1] See Brian Short, *Land and Society in Edwardian Britain* (Cambridge: Cambridge University Press, 1997), pp 131-132.

kept in the Valuation Record office) now held at the National Archives at Kew (TNA: IR129 series);

- The Field Books which contain a complete record of each valuation: again, these are held at the National Archives at Kew (TNA: IR58 series).

With regard to the Valuation Summary books, the first nine columns were compiled from the Rate Book for the parish and all of the books contain this information. Subsequent columns (10-40) were supposed to be completed by the staff of the District Valuation Offices after the initial valuation was complete: however, this was not carried out in a consistent fashion, and indeed, anyone interested in the mechanics and outcome of an individual valuation would be better served by the details contained in the Field Books.

This series of booklets provides a transcription of the first nine columns in that these record the ownership, occupation, extent, and basic valuation of each assessment. After a brief introduction to the parish, an analysis of the data will be presented examining the names of the major landowners and the extent of their property in the parish, along with an analysis of the main farms in the parish. Indexes of owners, occupiers and places appear in subsequent appendices and a final appendix will direct the reader to the appropriate references for the associated Forms 37, Record Maps and Field Books for the parish covered by the booklet.

This booklet presents the data for the civil parish of Worcester St John's County: it has been taken from the summary book for the Income Tax Parish of Hallow North which covers the civil parishes of Hallow North and [Worcester] St. John County.[2] The civil parish of Worcester St John Bedwardine was abolished in 1894: the part which was in Worcester County Borough created Worcester St John Bedwardine City civil parish, whilst the remainder created Worcester St John Bedwardine County civil parish.[3] The name 'Bedwardine' was sometimes omitted as is the case for this data.

2. The parish of Worcester St John's County in 1910

Located immediately to the west of the city of Worcester, the parish lies on a geology described as 'Sidmouth Mudstone Formation'. The resulting soils are a mixture of slightly-acid loamy and clayey soils with impeded drainage, and freely-draining slightly-acid loamy soils.[4]

When the census was carried out in 1911, the population of the parish of St John Bedwardine was 1,207 (552 males and 655 females): of the 317 properties recorded in the census, 287 were inhabited, 17 were uninhabited, and 13 were classed as a 'building not used as dwelling'.[5] From an agricultural viewpoint in the same year, the total cultivated area of the parish of Worcester St Johns was 2,676 acres, of which 879¼ were arable, and 1,796¾ acres (67% of the total) were grassland. There were also 309 acres of orchards, and 165 acres of small fruit. Of the 43 agricultural holdings in the parish, 33 were tenanted properties covering 1,967¼ acres (74% of the total). The main arable crops were

wheat, hops, oats, peas, and beans, whilst the orchards were growing a range of top fruit. With more pasture land than arable, 490 cattle and 673 sheep were kept.[6]

3. Land and property in 1910 in the parish of Worcester St John's County

In preparing the data for analysis, a series of standardisations have been made: see Appendix 6 for full details.

Of the 375 assessments with owners recorded in the Valuation Summary, 33 were owned by J. W. Willis-Bund, and the other major landowners in terms of numbers of assessments is shown in Table 1.

Table 1: Number of assessments by landowner

Name	No. of assessments
J. W. Willis-Bund	33
Henry Bramwell	18
Best, Exors. Best, J. Exors of	16
Albert Stiles	14
Ecclesiastical Commissioners	11
George Haynes	10
Corporation of Worcester	10
137 others with 9 or less assessments	263
Not stated	32
TOTAL	407

Table 2 shows the acreage of land in the parish by major landowner, determined by summing the entries in the Valuation Summary: in acreage terms, J. W. Willis-Bund was again the largest landowner.

Table 2: Acreage of land by major landowner

Name	Acreage		
	a	r	p
J. W. Willis-Bund	120	0	0
Corporation of Worcester	66	0	0
Mrs. A. A. A. Isaac	63	1	29
7 others with between 10 and 50 acres each	171	1	32
7 others with less than 10 acres each	35	1	36
Not stated	19	3	0
TOTAL	476	0	17

Those assessments with more than 25 acres of land are listed in Table 3.

[6] TNA: MAF68/2489, *Ministry of Agriculture, Fisheries and Food and predecessors: Statistics Divisions: Parish Summaries of Agricultural Returns. Worcestershire, 1911*. Main acreages of arable as follows: Wheat, 113½; Hops, 99; Oats, 82½; Peas, 72½; Beans, 62. Orchard acreages: Plums, 117; Apples, 113; Cherries, 12; Pears, 6½; Other kinds, 60½. Acreages of small fruit as follows: Currants & Gooseberries, 129; Strawberries, 29½; Other kinds, 6½.

Table 3: Assessments in excess of 25 acres

Occupier	Situation	Acreage		
		a	r	p
Corporation of Worcester	Bromwich Lane	66	0	0
Herbert Powell	Upper Wick	55	0	0
Edmund Lane	Boughton	52	0	0
Chas. Danl. Richardson	Rushwick	38	2	17
Geo. Rossitter	Upper Wick	36	0	0

Appendix 1. Transcribed data from the Valuation Summary for the parish of Worcester St John's County.

NOTE: This data has been transcribed as presented in the Valuation Summary without any standardisation of punctuation, abbreviation &c. However, all data presented as superscripts has been included as normal text in this transcription.
